Advantages Rattan Webbing

Strong and Durable

Rattan is a strong and durable material so rattan wicker can usually last a long time if cared for properly.

Eco-Friendly

Rattan is a material that can be recycled and comes from renewable natural resources, so rattan wicker is an eco-friendly choice for home decoration.

Lightweight

Rattan is very light so rattan mats are very easy to move from one place to another.

Easy to Form

Rattan is easy to shape and change according to the desired design. This allows wicker rattan makers to make a variety of shapes and sizes from rattan.

Water Resistant

Rattan is water resistant and not easily damaged by moisture, so rattan matting can be used in damp rooms.

Aesthetics

Rattan wicker has a natural beauty that gives a natural touch to any room decor.
